## **Partners**

Dr Garfield Morrison, MBBS

GMC 4543794

Dr Sanjay Singh, MRCP

GMC 6082756

Mrs Maria Flood, Managing Partner

Dr Camilla Nederstrom, MB ChB

GMC 7284305

## **Aims and Objectives**

**To deliver high quality patient care in an efficient, caring way with the utmost regard to dignity, respect and confidentiality.**

- We will provide advice, screening and support to promote wellbeing and the prevention of disease.
- To involve other health professionals, through referral, where this is in the patient's best interests
- To provide a safe, clean and comfortable environment for our service users
- To deliver, as a whole practice team, the level of service we would expect to receive ourselves
- To operate in a way which meets with compliance and legislative standards and ensures viability for the future.

## **Regulated Activities**

The practice provides 5 regulated activities, which are managed by Dr Garfield Morrison, the Practice's Registered Manager

Treatment of disease, disorder or injury

Surgical procedures

Diagnostic and screening procedures

Maternity and midwifery services

Family planning service

## Service Types

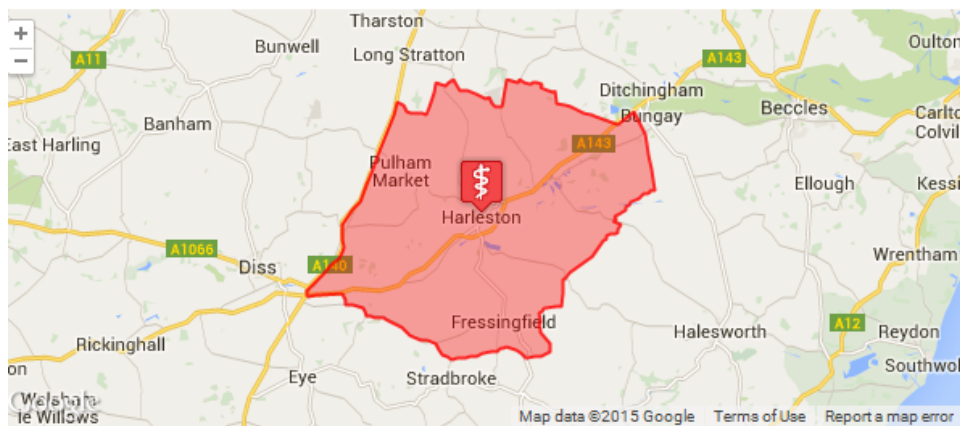

The main service provided by the practice is a doctor's consultation and doctor's treatment service. We have a team of fully trained Practice Nurses complimented by Health Care Assistants and Phlebotomists.

## Service Users

The Practice is open for registration of patients resident and temporarily resident in the Practice area as defined by the practice contract to deliver services with NHS England.

## Locations

The Practice area is set out on the map below:

## Dispensing Services

As a dispensing practice regulation allows us to dispense medication and appliances to patients registered at the surgery who live more than 1.6km (as the crow flies) from a community pharmacy.

We will advise patients whether they qualify for dispensing services when they register with the Practice. Ultimate choice in using the dispensing service lies with the patient.

## Surgery Buildings

Limited parking is available at both surgeries with ample free public parking close by. **Please note the branch site is not currently in use. ICB and NHSE aware. The branch site is often in use under licence as an ICB commissioned large scale vaccination centre operated by a trust provider.**

All consultation rooms are situated at ground floor level.

The dispensary is located at the Bullock Fair Close Surgery which is a very short distance from the Paddock Road Surgery.

## Services

NHS services provided by our GP's and clinical staff are defined under the General Medical Services Contract

The services provided include:

- Routine and urgent appointments for general health conditions
- Medication reviews
- Repeat prescription service
- Management of chronic diseases such as diabetes, heart disease & hypertension
- Management of asthma and COPD
- Minor surgery
- Phlebotomy
- Anticoagulation
- Maternity services (shared services with hospital midwifery care)
- Contraception services
- Cervical screening
- Wound care management including removal of sutures
- Childhood immunisations
- NHS travel advice and vaccination
- Learning disability checks
- Home visits for housebound patients
- NHS health checks
- Minor injury service
- Referral to other specialist services -including community and acute services
- Proactive care planning for patients at risk
- Management and support for patients with dementia
- Management and support for patients experiencing mental health problems

## Non NHS Services

We also provide a range of non NHS services which are paid for by the patient or organisation requesting. These services include:

- Private medical insurance reports and medicals
- Sports, pre-employment and HGV medicals
- Fitness certificates
- Medication not provided on the NHS

A full list of non NHS services and associated charges is available on our website and is displayed at reception.

## Access

Translation interpreting and transcription services are provided (subject to notice) by DALs and are funded by Norfolk and Waveney ICB.

## Confidentiality

All patient information is to be confidential and we comply with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR) to keep patient's confidential data safe and secure. All partners and employees have access to this information when it is relevant to their role and all employees have a confidentiality agreement as part of their contract. The practice has a Data Protection Officer service which is currently funded by Norfolk and Waveney ICB.

Relevant information may be shared within the multidisciplinary health care team at the Practice and with other health care professionals involved in a patient's care. Those individuals have a professional duty of confidentiality to keep patient data safe and secure.

## Comments, Suggestions and Complaints

Harleston Medical Practice is always looking for ways to improve the services it offers to patients. To do this effectively the practice needs to know what patients think about the services they receive. This allows the practice to continue to improve upon the service it offers. Patient feedback is welcomed. In the first instance we encourage patients to discuss the issue with the staff member concerned. Where this is not appropriate or cannot be resolved at this stage, please contact Maria Flood, Practice Complaints Manager, who will try to resolve the issue and offer you further advice on the complaints procedure.

## National Friends and Family Test (FFT)

In accordance with our contractual requirement, the practice participates in the FFT seeking the views of patients and their carers on whether they would consider recommending our services to friends and family if they needed similar care or treatment.

The friends and family questionnaire is available in our surgeries and on our website. Patients are also invited to respond to these same questions by SMS after relevant appointments.

## Practice Leaflet

In accordance with our GMS contract, the Practice produces a Practice leaflet. In addition to this the practice produces a Guide to Appointments. Both of these documents are available on our website.

## Patient Participation Group

The Practice is fortunate to have a committed and proactive Patient Participation Group. The purpose of the PPG is to make stronger the relationship between patients and their Practice, which is critical to the provision of modern, high-quality general practice.

Questions in relation to this document should be directed to Maria Flood, Managing Partner.
